

# VISTA Plus

**ADEMCO**  
GROUP

# EXPECT MORE.

Introducing the **VISTA<sup>2 Plus</sup>** Series – the next generation of VISTA controls.

## Voice Keypads

New ADEMCO keypads actually talk! Your customers hear the system status in plain English with precise zone descriptions.

6150V

6160V

## Countdown Display

The keypads clearly display the amount of time left in exit delay time.

## More Incredible

### Single Button Operation

Arm the system, turn lights on/off, send a page, or display time with the press of one button at the keypad.

## Higher System Capacity

Expand up to 48 protection zones using hardwire or wireless expansion.

## Dynamic Zone Type (DZT)

Customize each and every zone attribute; address special protection requirements like pool areas and gun or liquor cabinets.

**DYNAMIC  
ZONE  
TYPE**

## More Fantastic Inst

### Wireless Keys

Add up to four wireless keys without using up any protection zones.

With solid features and robust system capacities, you'll find VISTA PLUS panels to be an ideal choice for all of your installations. And with the advantage of VISTA PLUS' unique and innovative end-user features, you'll deliver more value to your customers on each and every sale. Your customers expect more from their security system, so should you.

## End-User Features!

### Advanced Paging

Notify parents when their children arrive home from school, or when they don't arrive home by a certain time.

### Enhanced X-10 Control

Turn lights on/off on a schedule or randomly to create a "lived-in look"; you can also strobe lights during and after an alarm.

### Message Center

Family members can record and retrieve voice messages, right at the keypad.

## Installation Advantages!

### Event Log

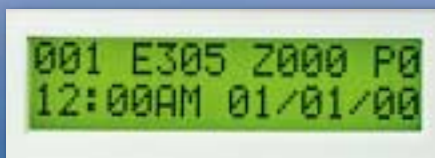

Review up to 100 system events identified with a time/date stamp, right at the keypad.

### Battery Saver

Unique load shed feature saves batteries during extended power outages; reduces service calls.

### False Alarm Reduction

Incorporates the latest SIA false alarm reduction features, including Exit Delay Restart, Auto Stay, Cross Zoning and Cancel Verification.

UL Approved for ANSI/SIA CP-01-2000 False Alarm Reduction
